Diane's Calendar

IN THE PACIFIC NORTHWEST

Classes, attunements and private healing sessions are regularly scheduled in the Olympia, Washington and nearby vicinities such as Seattle, Washington and Portland, Oregon. Some are scheduled in advance and will show on the calendar below. Others are scheduled by direct request which may or may not show on the calendar below. Therefore, it is best to contact me by email or telephone to let me know of your interest as sometimes a class is in the making that is not posted, plus there are times where I work individually with students.

OTHER LOCATIONS

I am available to travel to teach energy healing classes and provide healing sessions. Please write or call to inquire as to the details of sponsoring a class in your area.

DISTANCE ATTUNEMENTS AND SESSIONS

Distance attunements and sessions for most of HeartPath's offerings are available if you are unable to come in person. This type of approach is very effective and allows you to enjoy the healing benefits of the work even when being together face-to-face is not possible. Please write or call for more information.

OTHER WORKSHOPS & SPEAKING ENGAGEMENTS

I teach many other workshops and am available for speaking engagements on such topics as ascension, light body activation and sacred geometry, finding your soul purpose, communicating with your guides and angels, stress management, relaxation and various nutritional subjects, among others.

CONTACT DIANE for more information about these opportunities at 360-412-5433 or heartpathcenter@earthlink.net.

"Emotions are the next frontier to be understood and conquered. To manage our emotions is not to drug them or suppress them, but to understand them so that we can intelligently direct our emotional energies and intentions...It's time for human beings to grow up emotionally, to mature into emotionally managed and responsible citizens. No magic pill will do it."
